

Fast! Strategy Workshop - One year on! Review and Outlook

Friday 9th November 2018 9.30 am to 5 pm

Putaiao Koiora 275 Canterbury University, Christchurch

We are pleased to announce the 2nd strategic workshop of the *Fast!* Society (France Aotearoa Science Technology and Innovation). The workshop will include contributions from key researchers, decision-makers and students involved in bilateral collaborations between France and New Zealand. This will help the *Fast!* community drive fruitful discussions on how to build on our past achievements to go forward. Many ideas need to be put on the table and discussed: kiwi and French experiences, overview of bilateral relations, student awards and other tools to support scientific collaboration, etc.

The outcome of the workshop will be a draft strategy for 2019 which will enable us to look forward to a successful second year.

The *Fast!* Annual General Assembly will be held at the same location at 2.30 pm.

Workshop agenda and AGM notice will follow.

*Everyone with an interest in the future of the society is strongly encouraged to join us.
This is **your** chance to contribute to Fast!*

Please register your interest by email to: francenzst@gmail.com (please use "Fast! Workshop 2018" in the Subject line) by 31 October

The day will be fully catered and will end with a presentation on "micro-climate impact on the **Waipara Vineyards**" with fitting tasting from the region!

We really much look forward to welcoming you for his important event

The FAST! Organizing committee

Philippe Gerbeaux (*Chair*)
Geoffroy Lamarche, (*President*)
Caroline Holden, (*Secretary*)
Mathieu Sellier, (*Treasurer*)
Hervé Quénot, (*CNRS*)
Jessica Roche, (*French Embassy*)
Clémence Vannier, (*University of Canterbury*)
